

# Team 6 Weekly News

January 15th, 2016

## *What we're learning*

**ELA**— This week we have been learning about Malala Yousafzai. We have been making evidence based claims about Malala and we are writing an essay about her courageous acts.

**Math**— We are continuing to learn about rational numbers and integers, as well as how to defend our thinking in Math through using specific details in our writing.

**Social Studies**—We shared our presentations on Mesopotamia and took an online quiz about what we learned from one another.

**Science**— We finished exploring how we can magnetize a metal object using an electric circuit.

We are hard at work on our new computers!

## Important Announcements

Jan 18: No school

Check out the Wiki for Ms. Vandebogart's class at [msvsclassroom.wikispaces.com](http://msvsclassroom.wikispaces.com)

6th Grade students and Ms. Alicia Suarez, Senior Engineer at Pall Corporation, discuss the connection between academic interests and aptitudes and our career aspirations.

My learning this week.  
This table is to help you discuss your child's learning for the week.

TOPIC	Got it	Getting it	Need help
What is an integer?			
What is a rational number?			
What are 5 things that you have learned about Mesopotamia?			
Why is Malala's story relevant on MLK day?			
What are the parts of an effective body paragraph of an evidence based essay?			

## **HOMEWORK CORNER**

**20-30 minutes reading every day –ELA**
