

Team 6 Weekly News

October 16, 2015

What we're learning

ELA— In ELA we have been continuing to make inference about Percy Jackson. We have been specifically focusing on how Percy deals with challenges and what inferences we can make from his actions. We have also been reading articles and using our critical thinking skills to respond to questions using textual evidence.

Math—We concluded our first unit last Thursday. Be on the lookout for graded tests from your student! We are now working on ratios.

Social Studies—We presented our knowledge about the Ancient Greeks during our Greek Fair on Wednesday. We're continuing our study of the Ancient Greeks by exploring The Odyssey.

Science— We are continuing to work on our collaborative research projects on extreme weather events. We are using Noodle Tools to cite our sources and creating an outline for a research paper.

Important Dates and Reminders

Orenda Springs

Rescheduled to Thursday, October 22nd

Professional Development Day— No School

Friday, October 23rd

6W visiting 6V for a practice run of the Greek Fair

My learning this week.
This table is to help you discuss your child's learning for the week.

TOPIC	Understand	Getting it	Need help
What is a ratio?			
Why does order matter when writing a ratio?			
Why is it important to cite our sources when working on a research paper?			
What have we inferred about Percy Jackson? What challenges did Percy face that provided the clues we needed.			

HOMEWORK CORNER

20-30 minutes reading every day —ELA
HW was assigned 10/14 and 10/15—
Math
