2. Over half of fish stocks are fully exploited

3. 40-60 years oceans will become slime.

2 suggestions to improve the product's impact ...

1. In the video, speak louder or make the music a little quieter!

2. ~~There are clear as different types of pollution~~
~~everyone~~ Give more facts! There are lots of things that humans are doing wrong, and lots we can do to help.

1 detail that impressed you ...

1. I love the pollution police!

Public Feedback Form

Team Name: Ali, Jazman, Haylee, Rory

After reviewing the team's campaign submission, please complete the following.

3 facts that might have shifted your attitude on the subject ...

1. 90% of fish are dead
2. over fishing can ruin coral reefs
3. I learned what bycatch was

2 suggestions to improve the product's impact ...

1. spell check
2. sometimes printing real pictures from the internet can have a greater impact on people

1 detail that impressed you ...

1. They had a good vocabulary

Public Feedback Form

Team Name: Haylee, Rory, Jazmin, Ali

After reviewing the team's campaign submission, please complete the following.

3 facts that might have shifted your attitude on the subject ...

1. Only 10% of big fish are left in the Ocean.
2. By making good consumer choices I can make a difference.
3. Using fishing poles instead of nets would decrease overfishing.

2 suggestions to improve the product's impact ...

1. Table bar graph
2. Organize information / keep things neat

1 detail that impressed you ...

1. The pictures are very moving!

All my suggestions might be addressed in your other poster. I didn't realize you had two at first. (this goes for the other feedback sheet I did as well.)

Public Feedback Form

Team Name: Haylee, Rory, Jazmin, Ali (Poster 2)

After reviewing the team's campaign submission, please complete the following.

3 facts that might have shifted your attitude on the subject ...

1. More fishing boats + bigger nets. This is awful.
2. I hadn't thought about the effects on coral reefs. The Earth has some beautiful ones - sad to see them go.
3. Overfishing is sad, isn't it? :(

2 suggestions to improve the product's impact ...

1. Some of your writing is light. Try marker?
2. No other suggestions for this. It's very good! (maybe say why this is bad for economy, though.)

1 detail that impressed you ...

1. Lots of drawings with lots of colors. Nice!

Public Feedback Form

Team Name: Jazmin & Haylee

After reviewing the team's campaign submission, please complete the following.

3 facts that might have shifted your attitude on the subject ...

1. Big nets ruin Coral reefs!! Oh no!!
2. People can make a change by campaigning against overfishing
3. Bycatching kills aquatic animals such as whales, sharks,

2 suggestions to improve the product's impact ...

1. Lable bar graph

2.

1 detail that impressed you ...

1.

Not sure if part of same project? I will do two

Public Feedback Form

Team Name: Haylee, Rory, Jazmin, Ali (Poster 1)

After reviewing the team's campaign submission, please complete the following.

3 facts that might have shifted your attitude on the subject ...

1. 90% of fish are in danger? Wow. That's... more than I thought.

2. Fishing poles > nets. If only we only took what we needed - Fishing is fun, and we wouldn't take so many fish.

3. So many fish are in trouble! :(

2 suggestions to improve the product's impact ...

1. Maybe you could add the overall impact on humans if the fish were wiped out?

2. Overfishing also hurts other animals. You can talk about that, too.

1 detail that impressed you ...

1. This is interesting - I made a presentation on this very subject once! I like your drawings.

Maybe we can stop overfishing by showing people that the fish feel pain too!

Public Feedback Form

Team Name: Gage, Kubby B, Janiah, and Tyson

After reviewing the team's campaign submission, please complete the following.

3 facts that might have shifted your attitude on the subject ...

1. By 2050, 100 species of fish are going to be extinct.
2. 100,000 fish die every year.
3. Overfishing destroys the food chain.

2 suggestions to improve the product's impact ...

1. To have more of an effect on people, play sad music instead of happy music.
2. The graph has no titles.

1 detail that impressed you ...

1. The facts were interesting.

Public Feedback Form

Team Name: ~~Wash~~ Fish Depletion (Gage, Gabby B, Javiah, Tyson)

After reviewing the team's campaign submission, please complete the following.

3 facts that might have shifted your attitude on the subject ...

1. By 2050 100 species are going to be extinct
2. overfishing affects the ~~the~~ entire food chain
3. Many people rely on fishing to make a living and large scale fisheries ~~the~~ put them out of business

2 suggestions to improve the product's impact ...

1. Explain the graph that was put in the video
2. Don't play music when you are talking

1 detail that impressed you ...

1. Many communities rely on fish

Public Feedback Form

Team Name: Marissa, Izzy, Sophia

After reviewing the team's campaign submission, please complete the following.

3 facts that might have shifted your attitude on the subject ...

1. 80% of our plastic is not recycled

2. the plastic goes into the ocean

3. fish can be used in medicine to help us

2 suggestions to improve the product's impact ...

1. talk about your graph more

2. Turn music down

1 detail that impressed you ...

1. everything

Public Feedback Form

Team Name: Marissa, Izzy & Sophia

After reviewing the team's campaign submission, please complete the following.

3 facts that might have shifted your attitude on the subject ...

1. 80% of plastic isn't recycled & most goes into the ocean
